focusing on the period known as the second sophistic this handbook offers guidance on the wide range of textual materials that survive many of which are useful or even core to inquiries of particularly current interest while also keeping a sharp focus on how we can best situate these texts within the broader socio cultural milieu

this handbook brings together a collection of leading international authors to reflect on the influence of central contributions or classics that have shaped the development of the field of public policy and administration the handbook reflects on a wide range of key contributions to the field selected on the basis of their international and wider disciplinary impact focusing on classics that contributed significantly to the field over the second half of the 20th century it offers insights into works that have explored aspects of the policy process of particular features of bureaucracy and of administrative and policy reforms each classic is discussed by a leading international scholars they offer unique insights into the ways in which individual classics have been received in scholarly debates and disciplines how classics have shaped evolving research agendas and how the individual classics continue to shape contemporary scholarly debates in doing so this volume offers a novel approach towards considering the various central contributions to the field the handbook offers students of public policy and administration state of the art insights into the enduring impact of key contributions to the field

the study of british politics has been reinvigorated in recent years as a generation of new scholars seeks to build upon a distinct disciplinary heritage while also exploring new empirical territory and finds much support and encouragement from previous generations in forging new grounds in relation to theory and methods it is in this context that the oxford handbook of british politics has been conceived the central ambition of the handbook is not just to illustrate both the breadth and depth of scholarship that is to be found within the field it also seeks to demonstrate the vibrancy and critical self reflection that has cultivated a much sharper and engaging and notably less insular approach to the terrain it seeks to explore and understand in this emphasis on critical engagement disciplinary evolution and a commitment to shaping rather than re stating the discipline the oxford handbook of british politics is consciously distinctive in showcasing the diversity now found in the analysis of british politics the handbook is built upon three foundations the first principle that underpins the volume is a broad understanding of the political it covers a much broader range of topics themes and issues than would commonly be found within a book on british politics this emphasis on an inclusive approach also characterises the second principle that has shaped this collection namely diversity in relation to commissioned authors the final principle focuses on the distinctiveness of the study of british politics each chapter seeks to reflect on what is distinctive both in terms of the empirical nature of the issue of concern and the theories and methods that have been deployed to unravel the nature and causes of the debate the result is a unique volume that draws upon the intellectual strengths of the study of british politics reflects the innate diversity and inclusiveness of the discipline isolates certain distinctive issues and then reflects on their broader international relevance and finally looks to the future by pointing towards emerging or overlooked areas of research

the oxford handbook of hobbes collects twenty six newly commissioned original chapters on the philosophy of the english thinker thomas hobbes 1588 1679 the chapters included in this oxford handbook cover the full range of hobbes s thought his philosophy of logic and language his view of physics and scientific method his ethics political philosophy and philosophy of law and his views of religion history and literature

the oxford handbook of berkeley is a compendious examination of a large number of topics in the philosophy of george berkeley 1685 1753 anglican bishop of cloyne the famous idealist and most illustrious irish philosopher this volume includes contributions from thirty four expert commentators on berkeley s philosophy some of whom provide a state of the art account of his philosophical achievements and some of whom place his philosophy in historical context by comparing it with the views of other philosophers including predecessors contemporaries and successors

this handbook brings together leading historians of the events surrounding the english revolution exploring how the events of the revolution grew out of and resonated in the politics and interactions of the each of the three kingdoms england scotland and ireland it captures a shared british and irish history comparing the significance of events and outcomes across the three kingdoms in doing so the handbook offers a broader context for the history of the scottish covenanters the irish rising of 1641 and the government of confederate

ireland as well as the british and irish perspective on the english civil wars the english revolution the regicide and cromwellian period the oxford handbook of the english revolution explores the significance of these events on a much broader front than conventional studies the events are approached not simply as political economic and social crises but as challenges to the predominant forms of religious and political thought social relations and standard forms of cultural expression the contributors provide up to date analysis of the political happenings considering the structures of social and political life that shaped and were re shaped by the crisis the handbook goes on to explore the long term legacies of the crisis in the three kingdoms and their impact in a wider european context

since the end of the cold war globalization has been reshaping the modern world and an array of new scholarship has risen to make sense of it in its various transnational manifestations including economic social cultural ideological technological environmental and in new communications the chapters discuss various aspects in the field through a broad range of approaches this handbook focuses on global studies more than on the phenomenon of globalization itself although the various aspects of globalization are central to understanding how the field is currently being shaped

the concept of the learning organization is one of the most popular management ideas of the last few decades since it was conceived as an idea in its own right it has been given various definitions and meanings such that we are still faced with the question as to whether any unified understanding of what the learning organization really is can be established this handbook offers extensive reviews of both new and traditional perspectives on the concept and provides suggestions for how the learning organization can best be defined practiced studied and developed in future research with contributions from long standing scholars in the field as well as those new to the area this book aims to bridge the gap between traditional and more critical perspectives and in doing so find alternative features and angles to take the idea forward in addition to elaborating on and developing older definitions of the learning organization and suggesting updated and even new definitions the chapters also provide focused explorations on pertinent aspects of the learning organization such as ambidexterity gender inclusivity and systems thinking they also survey organizations that have made efforts towards becoming learning organizations how the learning organization can best be measured and studied and the universality of the idea itself some of the questions raised in this book are answered or at least given tentative answers while other questions are left open in this way the book has the ambition to take the learning organization an important step further whilst having no intentions to take any final step instead the intention is that others will endeavour to continue where this book stops

this handbook provides an authoritative critical survey of current research and knowledge in the grammar of the english language the volume s expert contributors explore a range of core topics in english grammar covering a range of theoretical approaches and including the relationship between core grammar and other areas of language
