kills are the key to shaping a better future and central to the capacity of countries and people to thrive in an increasingly interconnected and rapidly changing world this report identifies opportunities and makes recommendations to strengthen the skills of youth foster greater participation in adult learning use people's skills more effectively to raise productivity and strengthen the governance of the skills system in the state of tlaxcala mexico

goats are adaptable creatures in the wild but if kept as pets or commercially farmed they rely very heavily on their owners not only for food water and shelter but also for protection from disease or injury this second edition has been extensively updated to include more information on current issues such as antimicrobial and anthelmintic resistance herd health planning and new and emerging or changing conditions such as bovine tb it is a clearly written well illustrated book and should be an invaluable practical reference work aimed at all

those who own or care for goats whether they be commercial goat farmers smallholders stock people veterinary surgeons and students it is written by an experienced veterinary surgeon and its overall objective is to provide some practical advice on managing goats daily including tips on how to keep them fit and healthy how to recognise signs of ill health and when a veterinary surgeon needs to be consulted

the privatization of defence assets and the outsourcing of military services from the armed forces to the private sector is an increasing trend this book approaches the issue of military privatization by linking it to the transformation of the defence industries since the early 1990s and shows the extent to which many military functions and activities ranging from military research to military consulting training to operational support services have already been outsourced in the us and in europe this detailed study provides new and updated information on the ongoing privatization of the defence sector and offers an original theoretical explanation as to why the most modern armed forces throughout the world have come increasingly to rely on private companies for nearly everything they do contributing to a better understanding of military privatization and its close connection to technological change the book explains the complexity of the whole phenomenon and discusses its implications for national and international security
