wetenschappelijke boeken over maatschappelijk werk zijn in nederland schaars terwijl in de verenigde staten en groot brittanië zeer veel interessante studies over dit onderwerp gepubliceerd worden om hiervan ook in nederland te kunnen profiteren is besloten het boek constructive social work towards a new practice van nigel parton en patrick o byrne te vertalen het boek is een voorbeeld van een constructieve benadering van het maatschappelijk werk deze stroming is ook in nederland de laatste jaren sterk in opgang met de term constructief willen de auteurs benadrukken dat het maatschappelijk werk in hun ogen een opbouwende activiteit is die erop gericht is mensen te helpen om opnieuw betekenis te geven aan hun leven deze constructieve benadering is vooral gericht op de dialoog tussen maatschappelijk workers en hun cliënten

human behavior theory for social work practice provides an in depth examination of human behavior theories and helps students apply each theory to social work practice authors terry koenig rick spano and john thompson cover a broad spectrum of theories including ecological psychological and sociopolitical before applying them to a wide range of case examples that represent different stages across the human lifespan drawing from their extensive knowledge and experience in social work practice and teaching the authors also feature scholarly research and writing to support the understanding of the theoretical overview in each chapter

the term resilience refers to a person s capacity to handle difficulties demands and pressure without experiencing negative effects traditionally social work has focused on the nature and impact of resilience in children and adults who have experienced traumatic events but it is increasingly recognised that social workers need to develop personal resilience to manage the emotional demands of the job effectively and sustainably developing resilience for social work practice provides social workers with a tool box of strategies to help them enhance their resilience and protect their wellbeing written by experienced practitioners in the field the book draws on key research to present a series of evidence based interventions these strategies are designed to help social work students and practitioners develop important qualities that underpin resilience such as self awareness time management relaxation skills and empathy as well enable them to gain support from their personal and professional networks grounded in both theory and

practice each chapter explores how the various resilience techniques can be applied to help social workers manage the complexities and challenges they face in everyday practice the use of relevant and engaging case studies throughout is particularly useful in bringing the book to life for the reader

counselling skills are very powerful really listening and providing compassionate empathy without judging is a core part of social work practice with service users this book provides a theoretically informed understanding of the core skills required to provide counselling interventions that work it provides detailed discussion of three core skills which are identified as talking and responding listening and observing and thinking over 11 chapters these core skills are described in terms of what they mean how they can be learned and developed how they can be used and misused and most importantly how specific skills can be employed in a coherent and evidence informed counselling approach loughran also looks in detail at the skills required to deliver interventions consistent with three approaches motivational interviewing solution focused work and group work illustrative case examples and exercises offer further opportunities for reflection and exploration of self awareness as well as for practising and enhancing skills development thus making the book required reading for all social work students professionals looking to develop their counselling skills and those working in the helping professions more generally terms such as social worker therapist and counsellor will be included as they inform counselling skills in social work

this edited collection offers an original critical clinical approach to social work practice written by social work educators from the school of social work at dalhousie university and their collaborators it provides a canadian perspective on the diverse issues social workers encounter in the field highlighting the practical application of feminist narrative anti racist and postcolonial frameworks with the aim of producing counterstories that participate in social resistance this volume focuses on integrating critical theory with direct clinical practice through the use of case studies the contributors tackle a range of substantive issues including ethics working with complex trauma men s use of violence substance use among women and girls indigenous social work praxis critical child welfare approaches counterstorying experiences of dis ability and animal informed social work practice

this book serves as an introductory reader for understanding a professional competencies framework for social work through a new approach it not only

discusses what professional competencies are and why they are significant but it also shows how to develop a professional competencies approach measure and research competencies and learn how to use them to empower professional identity and career development there has been growing interest to define the social work profession within a professional competencies framework professional competencies are considered in their complexity as a triangle of knowledge skills and values they are not solely a tool for education and practice but they are also important for professional socialization and identity in social work a professional competencies approach has been used to define standards and expectations for social workers practitioners it is an evaluation tool for formal education and lifelong learning programs provides guidance for field practice and placements for social work students and could be a frame for distinguishing levels of professional expertise the volume provides an up to date comprehensive overview of a professional competencies approach in social work with 10 chapters organized in four sections part i understanding a professional competencies approach including criticisms of the competency based education approach part ii major areas of professional competencies including leadership and professional socialisation part iii measuring professional competencies and education outcomes including how to conceptualise operationalise and measure professional competencies in social work part iv professional competencies and professional development including a model of holistic competence in social work and the unique professional capabilities framework social work in the frame of a professional competencies approach is essential reading for social work instructors academics and national professional associations interested in developing or reviewing their professional competencies framework it is an invaluable resource for experts in statutory bodies that set up a legislative framework of social work practice or work in the accreditation of social work education programs the book is useful for social work students interested in understanding the theoretical background of social work as well as for field practitioners who wish to use professional competencies for their self reflection self evaluation and professional identity

i can say without equivocation this text is without doubt the best book about social work i have read chris beckett explores the purpose values activities and theories of social work in an ever changing social context that is clearly identified and examined stephanie petrie university of liverpool every day social workers face decisions that will significantly impact others lives and it is essential that these

practical assessments are supported by a sound understanding of social work theory in this innovative and highly accessible textbook chris beckett explains how an understanding of these theoretical issues can improve the knowledge and skills base of professional practice essential theory for social work practice is an engaging and readable text with a distinctively realistic and honest approach to the realities of everyday practice framed in a comprehensive and logical structure part 1 establishes what social workers do and the tools they need part 2 considers how to assess handle and support change in others part 3 explores the wide range of roles that social workers must fulfil part 4 strengthens these links between theory and practice exercises case examples chapter summaries and practice notes are used to great effect in each chapter enabling students to apply theory to practice as they progress through the book the book is an invaluable core text for all undergraduate social work students and offers excellent support for practitioners in their every day practice

0205446175 sheafor techniques and guidelines for social work practice 7e the latest edition of this classic book continues to provide students and practitioners of social work with a one of a kind resource designed to emphasize the different techniques needed for successful practice carefully updated to provide social workers with easy access to the most current information on professional techniques and guidelines and organized to support a generalist practice perspective techniques and guidelines for social work practice illustrates multiple ways in which both direct and indirect intervention activities are a part of the social worker s repertoire touching upon everything from cultural competence to macro practice the content of this text is so widely applicable it is an invaluable aid in making the transition to a professional career in social work and a staple of professional social work libraries in a classroom it is ideal for use in advanced practice capstone and field work courses parts i and ii summarize the essential foundation elements of social work practice while parts iii through v set out 157 clearly described techniques and guidelines that can be used by students and new practitioners the latest edition includes many changes that make it just as essential as previous editions techniques deleted from prior editions due to space restrictions are now available at ablongman com sheafor7e new techniques include guidelines for assessing small group functioning family group conferencing and building mentoring relationships as well as addressing client concerns related to spirituality and religion and serving the client or community experiencing an

emergency or disaster following the lessons of 9 11 new content is included to prepare social workers to deal a client or community emergency information is included on family group conferencing a new approach based on the principles of restorative justice about which social workers should be knowledgeable new guidelines for using mentoring relationships in which senior practitioners without direct administrative responsibilities support and nurture developing social workers are included in this edition along with new guidelines for assessing small group functioning as a means of strengthening subsequent intervention activities with groups chapter 14 now includes a straight forward description of techniques for conducting empirical direct practice evaluation with current illustrations based on students applications of the most commonly used evaluation tools

this very practical guide will teach students everything they need to know to successfully apply theory methods and approaches in real life practice it will assist in developing and hone their skills to make the best start in their practice placement and beyond as a newly qualified practitioner to get the most out of this book visit the companion website at study.sagepub.com/rogers2e to find journal articles templates how to guides and brand new videos with discussion questions and a glossary

fully revised and restructured this fresh edition offers students and trainee social workers an incisive and authoritative introduction to the subject as well as entirely new sections on theory and practice the expert contributions which have shaped the companion s leading reputation have been updated and now include innovative standalone essays on social work theory comprehensively reworked new edition comprising six substantive sections covering essential topics for trainee social workers in effect six books in one includes an extensive introduction and chapters by leading experts on the focus and purpose of social work provides a unified textbook for trainees and an invaluable professional reference volume features a wealth of new material on theory and practice alongside detailed expositions of the social and psychological framework stages in the human life cycle and the objectives and core components of social work each chapter lists five key points to remember questions for discussion and recommendations for further reading

first published in 1974 social work treatment remains the most popular and trusted compendium of theories available to social work students and practitioners it

explores the full range of theoretical approaches that drive social work treatment and knowledge development from psychoanalysis to crisis intervention this treasure trove of practice knowledge equips professionals with a broad array of theoretical approaches each of which shine a spotlight on a different aspect of the human condition emphasizing the importance of a broad based theoretical approach to practice it helps the reader avoid the pitfalls of becoming overly identified with a narrow focus that limits their understanding of clients and their contexts this sweeping overview of the field untangles the increasingly complex problems ideologies and value sets that define contemporary social work practice the result is an essential a to z reference that charts the full range of theoretical approaches available to social workers regardless of their setting or specialty

this workbook provides ideal preparation for students wanting to become self aware and self evaluative before moving into practice for the first time

there are certain questions that all students considering social work ask who are social workers what is it that social workers do how is the social work profession changing what does it take to become a social worker ira colby and sophia dziegiewski bring their decades of experience in social work practice and education to answer these questions this engaging text gives readers a practical guide to the many ways in which social workers effect change in their communities and the world the authors offer an overview and history of the profession introduce readers to the practice of social work at the micro mezzo and macro level and finally look closely at the many settings and populations that social workers work with while realistically portraying the pressures and obstacles that social workers face colby and dziegiewski communicate their own passion for social work

a student friendly introduction to social work theories and methods drawing on current social work research

this textbook offers the perfect introduction to the complex world of social work theory giving a concise yet comprehensive overview of how practice is influenced by each theoretical approach described the book begins by outlining the origins and historical context of social work which allows the reader to see how theoretical fashions have changed and adapted to certain times and concludes with advice on the best way forward for the modern day social worker packed with

thought provoking discussions surrounding the topic students will be encouraged to question the theories portrayed a skill crucial to being a truly effective social work practitioner written by one social work s most highly regarded commentators the book s accessible and easy to read writing style makes it a must have companion for students and practitioners looking to gain an overall view of social work theory

packed full of case studies activities and tools for real life practice this book covers all the main topics in the first year of both the undergraduate and postgraduate degree in social work to provide a holistic view of the field it used an integrated approach combining theory policy and practice

the social workers toolbox aims to bring order to the diversity of tools which are so characteristic of social work assessment tools practice tools and outcome measurement tools the tools described in this toolbox can be directly put into practice and adapted to the social workers personalized approach with their individual clients and their environments the underlying meta theory for sustainable multimethod social work is the pie empowerment theory this theory defines social work practice in terms of the partnership between social worker and client and is aimed at enhancing quality of life through systematically and sustainably addressing human needs and human rights the multimethod model promotes the flexible combination of well written evidence and practice based tools packed full of useful checklists the toolbox is ideal reading for both inexperienced and more practiced social workers the book provides a solid basis through the use of practical examples for the more experienced social worker it offers a substantial resource and the means to legitimize a chosen course of action and social work intervention schools of social work will be able to use the book as an easily accessible resource for social work assessments interventions and quality social work management
